County Citizens Have Savings

Appomattox County residents were congratulated September 6 for their part in swelling U. S. Savings Bond ownership to a new all-time high. Mr. J. Garland Plunkett, volunteer Appomattox County chairman for the Bond Program in Virginia, said that nationwide holdings of Series E and H Savings Bonds stood at $42.8 billion as of August 31, according to official word sent to him from the Treasury Department in Washington.

Of this total, Virginia residents own about $715,210,000, and Mr. Plunkett estimated Appomattox County's share of the total at approximately $886,253.

The report to Mr. Plunkett came in the form of a congratulatory letter from William H. Neal, Assistant to the Secretary of the Treasury, and National Director of the Savings Bond Program.

In it, Mr. Neal said that the new $42.8 billion total tops the World War II peak of E bond holdings by some $12 billion, pointing out the steady growth which has characterized the bond program throughout the peacetime years since 1945.

Mr. Plunkett said that one of every four Appomattox County residents is a bond-owner — the national average. He has been area bond chairman since February, 1960.

In Accident

In an odd sequence of events, a family having driven a total of 4,000 miles to visit relatives in this county, were recently involved in a car accident when only two blocks from their home.

T/Sgt. James E. Maxwell, his wife, Betty, with their six children, visited a week with Mr. Maxwell's mother, Mrs. B. C. Maxwell, here at Appomattox. After leaving this vicinity, they vacationed through Tennessee, and Missouri Mrs. Maxwell is from St. Louis. There they visited their married daughter and grandson. They also "took in" the Highlands while there. Upon returning to their home, they were involved in a collosion only 2 blocks from their house, after driving over 4,000 miles.

One daughter, Pat, was the only one injured, and only slightly. The Maxwells live at Rudyard, Michigan, and T/Sgt. Maxwell is stationed at Kincheloe, AFB, Michigan, in the Upper Peninsula, near the Canadian border.

Three cars were involved in the collision, according to investigation by Michigan State Police. Maxwell was found entirely not at fault. An approaching car got across the center highway line, and damaged the left side of the front of Maxwell's car. Maxwell thoughtfully, was out in the highway with a flashlight, to warn approaching traffic to stop, but dospite this, a third car collided with the parked vehicles. One driver was ticketed for reckless driving and another for excessive speed for conditions, but Maxwell was absolved of any blame: only two blocks from home after a 4,000 mile-trip.

Has you ever wondered why it's so much easier to tell somebody else how to do something than it is to do it yourself?

REVIVAL AT THE BIBLE BAPTIST CHURCH

In case a farmer is eligible to vote and fails to receive a ballot, he may executive a Certificate of Eligibility at the County ASC Office. On the basis of this certificate the county office will issue a ballot to the farmer, allow him to vote, and after the ballot is placed in the envelope and sealed, will turn it over to the Election Tabulation Board, which will pass on the eligibility and decide whether or not the note is to be counted.

In each community the person receiving the largest number of votes becomes chairman of the community committee. He also will act as delegate to the county convention to be held on October 24, for the purpose of electing a County Committee.

Junior Club To Have Local Fashion Show

The Junior Woman's Club Fall Fashion Show Committee have announced that the proceeds this year will go toward their Dental Clinic project. For the past three years, the Junior Woman's Club has held this clinic, which enables indigent children to have necessary dental work done. The club has spent over $100 each year on this worthwhile project. With the help of many outside individuals, who so graciously gave of their time and efforts, Many children have been reached. The club feels that this year more money can be set aside for use in the Dental Clinic.

Tickets for the Fashion Show will be available soon from Junior Womans Club members. The date of the Fashion Show is Oct. 11, at the high school auditorium.

Bloodmobile

The Red Cross blood mobile will be in Appomattox October 7th at Liberty Baptist Church between the hours of 11:00 A. M. and 5.00 P. M.

Appomattox County residents have made a heavy drain on the blood bank and are continuing to do so.

The quota is 125 pints and if those who are physically able to donate blood will do so, Appomattox County will have no trouble meeting its needs.

Organizations and individuals are urvently requested to give this matter serious consideration and make a visitation the success it can and should be.

FARM HOUSING REGULATIONS CHANGGED

Under a recent change in the eligibility requirements for Farm Housing loans, a farmer who owns a farm that will annually produce for sale or home use at least $400 worth of comodities may, if he meets other eligibility requirements, be able to obtain a Farm Housing loan.

Previously, according to Hunter P. Evans, Farmers Home Administration County Supervisor, an applicant had to own a farm that would produce a substantial amount of the operator's income.

Farm Housing loans art made by the Farmers Home Administration and are used to construct and repair needed farm houses and farm service buildings.

Other eligibility requirements for Farm Housing loans remain unchanged. These requirements are that the applicant lacks the monies needed to obtain credit elsewhere, be a citizen of the United States, and have sufficient income from farm and other sources to pay farm operating and family living expenses and meet payments when due, on his debts.

Applications for this type of credit may be made at the County Office of the Farmers Home Administration located in the Watson Building at Farmville, Mr. Evans also has part-time office hours at Appomattox at the ASC office each Tuesday from 9:00 to 9:30 A. M.

SCIENTISTS REMODEL PLANTS, ANIMALS

Many plants and animals just are not what they used to be. Pigs have been stretched, corn dwarfed, and oranges made juicier than ever.

Many of these changes, say VPI scientists, are the work of plant and animal breeders. In recent years, an up-and-coming helper has shown up for the scientists. The newcomre is atomic energy.

Using radiation from atomic sources, breeders can now cause physical changes that rarely occur naturally. But the scientists admit that mutations via atomic energy are still a long way from replacing conventional breeding techniques.

The Appomattox football fans will get to see another home game that was not expected. The Amherst High School playing field has not been completed, so the game between Appomattox and Amherst has been switched to Appomattox, and will be played at the new high school stdium here at 8:00 P. M. this Friday night. The new local stadium has a seating capacity of 1,400, and Coach Gardon H. Bragg hopes for a "full house" to his new 1960 football team, which he is on record as saying he hopes will be one of the best is his successful 12-year coaching tenure at A. H. S.

Bands from both A. H. S. and Amherst will be present to perform at the game and cheerleaders will add to th occasion with their rehearsel activities.

The bleachers are finished and every fan should be able to see the game much better this season.

The admission price is the same as last year: adults $1.00, and students, 50 cents.

The starting line-up for Appomattox Rebels is:

Offensive team ends: James Whitehead and Robert Garrette; Tackles Freddie Wingfield and Freddie Carter; Guards Donald Baldwin and Gerald Leffers Center Bobby Clifton, Medals Guill Quarter Back, Johnny Canada Full Back, G. H. Jamerson half back, and Bobby Henderson half back.
